Council Will Amend

SEWER ORDINANCE TO SET USE RATES

Joseph Bonacina, city attorney, was instructed by the city council Tuesday evening to prepare a sewer ordinance amendment to become effective on September 1, setting up rates, service areas and a system of collection. The ordinance is to be introduced for first reading on July 19th. Mayor Morton said that in the old sanitation district, no service charges have been made for the last two years because there were sufficient carry-over funds available and because of the mechanics in changing over through incorporation. The amended ordinance when effective, is expected to derive an estimated $7000 in revenues to defray costs.

The council on Tuesday authorized a letter sent to the planning commission, the office of the county engineer and the office of the San Jose city engineer that any contemplated change of the Camden avenue intersection with Winchester Road would preferably be in accordance with the County's original streets and highways plan which would be several hundred feet south of the site proposed to the city from the office of Leonard Bushnell, county surveyor. The letters will be signed by Nestor Barrett, planning consultant and Mark Thomas, city engineer.

Hearing on application of Mayfair Packing Company, Eugene Kuehnis and Stone & Shulte, for a regional shopping center at Hamilton avenue and the Los Gatos-San Jose road was set for June 26 following a favorable recommendation from the planning commission. At this meeting also will give final approval to the annexation of the five acre Warning tract, already approved by the secretary of state.

Road work and street lighting work has already begun for a subdivision there.

Because Whitehall street is not a dedicated thoroughfare and allegedly is substandard, the city can not make improvements proposed in a petition from fifteen signers. The city attorney was instructed to advise petitioners that the city can not spend public money on a private road.

A public hearing is to be held on Monday, July 19, on the application of Owens and Young for a taxicab permit. A scavenger firm is to be contacted by city officials that the contract expired on July 1 and that a new one must be prepared. Mark Thomas is to contact the office of the county engineer regarding flood control moneys especially regarding storm waters directed to San Tomas Aquina creek.

Other matters before the council concerned bond investments of surplus revenues, granting approval of removal of a dead tree at 98 Railroad avenue in the path of a normal sidewalk, signing of a District 4, Division of highways agreement, acknowledgment of a warrant for $31,275.83 in lieu funds for the next fiscal year and an invitation from the Police Auxiliary to a barbecue July 11 at Los Gatos, and the reading of the treasurer's report.

DR. MORELL VISUALIZES AMPHITHEATER PROJECT

A plan to stimulate the recreational and cultural facilities in this area to include development of the natural amphi-theatre site on the bank of Los Gatos Creek, south of Campbell avenue, together with a band shell and tiered seating, was presented before the Campbell Kiwanis Club at the Tuesday luncheon meeting by Dr. Willard B. Morell.

The program, according to the speaker would be set up to serve every home in the city and in the high school district so that it might be continuously sustained. He indicated that service clubs might lead the project in that their interests are in people of all age levels. It calls, he said, for the backing of a sustaining group interested in a cultural environment, who might be in touch with the homes. Dr. Morell recognized the appreciation for music manifest here, as the key to a spiritual understanding. He said the site has been suggested for some such use by many people. The proposal is to have the consideration of the Public Affairs committee by the club.

Guests present Tuesday included Howard Guilbert of San Jose, Melvin Young of Willow Glen, Ed Bowling of Salinas, Del Heath and C. B. Spotswood of Los Gatos.

A joint meeting will be held here next Tuesday noon with the Los Altos Lions Club.

Cambrian Festival Nets $982 Benefit

The Cambrian Men's Club at their June meeting in Charlie Sartorette's garden, installed officers for the 1954-55 term. They are: Arch Kennedy, president; William Knight, vice-president; Ed Carman, secretary; Max Nigl, treasurer; Al Handley, faculty advisor. The latter is a new post.

Engraved desk-pen sets were presented outgoing officers, Wayne Huff, president; Ralph Button, vice president; John Klinke, treasurer and Ed Carman, secretary.

Chairman Bill Knight, of the Fiesta-Carnival Committee, reported that the group netted an all-time high of 981.73 in the recent event. The funds will benefit the Cambrian Youth Center and affiliated organizations.

The club voted to sponsor seven musical scholarships in the Cambrian School Summer Recreational Program; also to purchase sustaining memberships in each of its sponsored Boy Scout groups.

After the business meeting, members enjoyed a spaghetti and meatball dinner which was prepared and served by Charlie Sartorette.

Campbell Masons Plan Breakfast

The Campbell Masonic Sojourners will hold their regular Sunday morning breakfast July 11 at 8:30 a. m. in I. O. O. F. Hall.

All Masons are invited to attend and for reservations call AX 6-2159 or FR 8-4170.

Final Payment On 1954 Prune Crop Given Approval

Prune grower-members of the California Prune and Apricot Growers Association received a tentative final payment as of July 1, aggregating $3,295,725, F. L. Steindorf of the Campbell-Los Gatos Prune and Apricot Association reported today.

This additional distribution on 1953 crop prunes reflects a total return to date to Association growers for Fancy quality French prunes as follows:

Size	Bulk Basis
30/40	.13
40/50	.12-¾
50/60	.12¾
60/70	.12-½
70/80	.12
80/90	.10-½
90/100	.10

The Association's exceptional returns, Steindorf stated, again demonstrate the advantages of marketing prunes on a cooperative basis and of keeping consumers supplied with freshly packed prunes throughout the entire marketing season in all markets, both domestic and export.

During July, apricot grower-members will receive the tentative final payment on 1953 crop dried apricots, following the third progress payment on June 16. This progress payment represented a distribution to growers of $416,-418.97. The tentative final payment will be a further substantial distribution in cash and equities.

Steindorf stated that these returns are considered exceptional in view of the heavy production of dried apricots during the 1953 season, about double average production of recent years.

Three Arrested On Drunk Charge

Judge Paul Crawford fined three drunk drivers who were arrested by Campbell Police over the Fourth of July weekend $200 each in court Tuesday morning.

Given the fine or 100 days in the county jail were Lloyd Holt of 348 West Central Avenue, who was picked up at 11:20 p. m. July 3 and his wife, Mrs. Mildred Josephine Holt, who was picked up at 10:00 a. m. July 4.

This was the second offense for both Holt and his wife.

Reyes A. Contreras of 1156 Park Avenue, San Jose, was fined $200 or 125 days in jail on a drunk driving charge and $50 for driving with a suspended license. This is Contreras fourth offense.

Planners To Study Need For Civic Center

The planning commission agreed Thursday night to have on its its next agenda, a study project for a civic center and a public park. Chairman Hollis Logue indicated that the time has come for serious thought for a city hall and a city park.

The planners approved unanimously the application of Mayfair Packing Company and Eugene C. Kuehnis to rezone the site at the southeast corner of Hamilton avenue and the San Jose-Los Gatos Road for a regional shopping center after its needs to the public and and the tax revenues to be derived, were pointed out by applicants.

The site, with 500 feet on Hamilton avenue, extends 1320 feet along the Los Gatos-San Jose road. The center will house about twenty businesses to serve around 10,000 people in the shopping area which is embraced in a one-mile radius in which there is no other shopping center.

With the building of the Route 5 Freeway, the center will draw hundreds of shoppers from the Willow Glen and Lincoln avenue areas, as they leave the Hamilton avenue interchange, according to Edwin Bean of Bean & Bergna, attorneys for the applicants. The center itself will resemble the Cambrian Plaza, a ranch type structure with heavy shake roof. A 100 foot wide strip along the south side would be used either for professional offices or for parking.

The planners on Thursday also recommended a rezoning of 31 nearby lots in the Kuehnis Estates Unit 3 from single family to multi-family usage.

The proposal from the County engineer's office to re-locate the Camden Avenue intersection with Winchester Road was not looked favorably on by the planners in that it does not conform with the master streets and highways plan as approved by the county a few years ago. The proposal would intersect at a dead end, while in the original plan, Camden avenue would be extended to Sunnyoaks Avenue. The city will be interested in that site for Camden avenue re-alignment and Nestor Barrett, planning consultant was instructed to so inform the county. The planners indicated crossing signals would probably have to be installed at the Southern Pacific crossing. The crossing would be about one thoucand feet from the freeway to the east where, from an interchange, an outlet would be made to the San Tomas and the west Campbell areas.

Campbell Police Apprehend Youths

Two juveniles were apprehended Monday morning at 2:20 a. m. by Officers Jerry O'Connell and Kenneth Zook of the Campbell Police Department twenty minutes after they stole a 1947 Pontiac from a Los Gatos used car lot.

While on routine patrol officers spotted the car which had a price sign scratched off the windshield and stopped the boys for questioning.

The youths related that they had left Modesto July 4 and when they reached San Jose had stolen a 1951 Chevrolet which they drove to Santa Cruz and Boulder Creek before abandoning it.

They then stole a 1952 Pontiac and drove to within a few miles of Los Gatos when it ran out of gas. The next car they swiped was the last in the series and the travelers were in it when stopped on Campbell Ave. at Winchester Road.

Boys were turned over to the Los Gatos Police Department.

Katherine Wolff Dies Of Stroke On Dakota Visit

Death came suddenly and unexpectedly on Saturday, July 3 at Rapid City, South Dakota, to Mrs. Katherine W. Wolff, wife of William M. Wolff of 160 West Campbell avenue. She had been ill for fourteen days following a stroke. Interment was at Rapid City on Tuesday.

Mr. and Mrs. Wolff had been touring the Black Hills. They had resided in Campbell for about fifteen years coming here from New York where Mr. Wolff had been identified with a financial and a publishing firm.

Professional Bldg. Nears Completion

Dental offices in the new Medical-Dental Building at 451 Campbell Avenue will be completed this week according to William Lloyd of The Ainsley Corporation, of Campbell.

These offices have been rented to Dr. John A. Hughes and Dr. Howard Manson, who are both just being released from the U. S. Army.

Three offices in the provincial style building have been set aside for physicians' offices. Upon their completion there will be facilities for five doctors and dentists.

The building is modern in every way and at the same time gives a most attractive and pleasant appearance.

Architects for the project are Higgins and Root, contractor Oliver Jenson and landscape architect, George Martin of Los Gatos.

Parking facilities adjacent to the building have been provided for patients.

Campbell Gets $31,275 From In Lieu Funds

Treasuries of California's cities and counties were enriched to the extent of $67,044,696, State Controller Robert C. Kirkwood announced here today on completion of the distribution of the motor vehicle license fee revenue collected by the State.

The funds represented for the most part the collections made by the State during the 1954 license renewal period. That portion of the tax allocated to cities and counties is popularly known as the "in lieu" tax collected by the State in lieu of the payment of personal property taxes on motor vehicles to cities and counties.

Of the total $33,522,348 distributed to California cities, Campbell received $31,275.83, while Los Gatos received $20,030.08, Gilroy, $21,336.31, Mountain View $46,-501.47, Santa Clara $59,906.57 and Sunnyvale $63,568.07. Santa Clara County received $960.046.53.

The funds are distributed on a per capita basis, with the rate for cities slightly over $4.08 and that for counties slightly over $3.16 per person.

The money represented all collections of "in lieu" taxes from Dec. 1, 1953, through May 31, 1954. The "in lieu" tax is levied at the rate of $2 per hundred dollar market value of each motor vehicle

Parade Monday To Herald Opening Of Bible School Here

Some 200 children are expected to parade through Campbell on Monday, dressed in costumes and riding decorated bikes to herald the opening of Vacation Bible School at the Campbell Baptist Church on Sunnyside avenue.

Mrs. Philip Adams, wife of the pastor and a teacher in the Bible School is in charge of parade arrangements. Line of march has been tentatively arranged for Fourth street to Campbell avenue and back to Sunnyside avenue.

BIBLE SCHOOL COMMENCEMENT

The Rev. James Warren of Southern Baptist Church on Lovell Ave this week announced that 110 children have been enrolled in the Summer Bible School at that church.

Commencement exercises will be held this Sunday at 7:00 p. m. at the church.

Next week the summer boys and girls camp will be at La Honda and Rev. Warren said that all children between the ages of 9 and 15 are invited to attend.

New Syrup Plant Established Here

The D. J. Hanrahan Syrup Company, manufacturers of fountain syrups and bases, has opened a plant at 310 East Central Ave.

The company will also carry a full line of fountain equipment and supplies and manufacture a beverage base in four fruit flavors to be sold in grocery stores including lemon, fruit punch, grape and orange.

The products of the company will be marketed under the brand name, Golden Arrow, and Hanrahan expects to have approximately five employees.

The owner makes his home with his wife and two daughters at 14900 Berry Way, Cambrian Park, and for the past year has operated a similar business at 9th and Bayshore Highway in San Jose.

Hanrahan has owned grocery stores at Park and Hester Aves., and at 7th and Santa Clara Sts. in San Jose and has the distinction of having opened the first self-service meat department in Santa Clara County.

Active Weekend For Fire Dept.

The calm of the Fourth of July weekend was broken for the Campbell Fire Department by six calls.

All calls were for minor blazes including three grass fires, two illegal burning abuses and one false alarm.

Grass fires were reported at Hamilton Ave., corner of Latimer and Hardy and on the North side of the Southern Pacific depot.

Firemen were called out for illegal burning at 2nd and Everett and at 366 N. Central.

CAMBRIAN PARK MOURNS PASSING OF LES RAPHELD

Residents of Cambrian Park are mourning the passing of Lester Rapheld, 50, of 15036 Woodard road, who was known as "Big Les" to his many friends in the community, Mr. Rapheld passed away July 5, following a year's illness.

As a member of the Cambrian Men's Club, and assistant in the Cub Scouts, Les was always on hand to give his support to community affairs.

He was a graduate of the University of California, and a member of George E. Tutt Lodge 722 F&AM; and of San Jose Lodge 522 B. P. Order of Elks.

Survivors include his widow, Martha and their three sons, Tommy 8, Jimmy 9, and Henry 10; his father, Maurice L. Rapheld of San Francisco, and sister, Mrs. Ernest Bernstein, also of San Francisco.

Local Businessman Trains At Fort Ord

Mervin LeRoy Nelson, son of Mr. and Mrs. Rudy Nelson of 581 Dry Creek Road, is undergoing basic training at Fort Ord where he is attached to the 63rd Infantry Regiment.

Nelson is a graduate of Cambrian Grammar and Campbell High Schools and before leaving for the army three weeks ago was associated with his father at Nelson Brothers Trucking as office manager and dispatcher.

His wife is making her home with the senior Nelsons until her husband receives permanent orders.

ASSISTANT PASTOR IS NAMED FOR ST. LUCY'S CHURCH IN CAMPBELL

Most Rev. John Mitty, Archgishop of the San Francisco Diocese, yesterday announced the appointment of Rev. Thomas E. Ahern as assistant pastor of St. Lucy's Church in Campbell.

Desperate Need For Classrooms

SCHOOL TO CALL BOND ELECTION IN OCTOBER

Convinced that there is a need for classrooms because of the steadily increasing enrollment, members of the school board for the Campbell Union School District on Tuesday evening, voted to call another bond election for October 7 in the amount of $950,000 to further the school building program. Of primary importance is to set up funds for the Monroe school, a $450,000 project for which the district would provide $49,000 and the state the remaining $400,000. The election in October, if successful, will barely enable the district to benefit from this allocation within a deadline. The vote on the issue on June 24 brought out but 21 percent of the voters.

C. E. BRADLEY
... Business Manager

It has since been announced that four of the nine schools in the district will open with double sessions in September and that in four years a fifty percent increase in enrollment is contemplated on the basis of a pre-school census.

In the meantime, Campbell Union School District has tentative approval of the County Planning Commission and the County Council for purchase of a ten acre site on Parr avenue westerly of San Tomas Road with state funds available under AB-633. The site would be purchased from Pasquale Mastroantonio. A subdivision for 150 new homes in the area is in the planning stage, which would press the San Tomas school enrollment beyond its capacity. The school site, if acquired by the state, would have to be built on within five years.

In the organization of the board Tuesday night, E. A. Merrill was re-elected chairman and L. E. Means was re-elected clerk. Other members are John Dixon, Donald F. Hartman and Nancy Gorman. Schools in the district are Campbell, Cherry Lane, Cypress, Dover, Hamilton, Moorpark, Quito, Rosemary and San Tomas.

William C. Henley is District Superintendent, C. E. Bradley is business manager and Mrs. Helen Peterson is coordinator of instruction.

Dr. W. B. Morell To Direct 1954-55 Community Drive

The Campbell Community Service Fund campaign is underway following the recent directors meeting, held in the Campbell Union Elementary School District administration building.

The current drive will benefit the 346 Campfire Girls, 1,062 Girl Scouts and 108 Boys, members of the YWCA of the Campbell area.

Spearheading the campaign is Dr. W. B. Morell. Aid will also be extended to the Milk and Lunch funds of Moreland, Union, Campbell and Cambrian School Districts; the Campbell City Library; Visiting Nurse Association; Family Service Association, and the United Defense Fund.

DENTAL OFFICES OPEN THIS MONTH

Dr. John A. Hughes will open dental offices at 451 Campbell Avenue July 26 in the new medical-dental center.

He was born and raised in Thermopolis, Wyoming, received his pre-dental schooling at the University of Wyoming and graduated from the San Francisco College of Physicians and Surgeons.

Dr Hughes is a member of the American Dental Association; Xi Psi Phi, national social fraternity; Tau Kappa Omego, honorary dental fraternity and Omicron Kappa Upsilon, honorary dental fraternity.

He has just been released from the U. S. Army at Travis Air Base in Fairfield having served two and one half years. He and his wife will make their home in Campbell.

Property Taxes In Cities Vary

Each cent of county-wide tax rate levied in Santa Clara county means a property tax bill of about $49,433, based on the 1953-54 county-wide value of taxable property of $494,335,730, California Taxpayers' Association said today.

In the case of the cities of the county, each cent of city tax means a city tax bill as follows: Alviso, $109; Campbell, $578; Gilroy, $576; Los Altos, $1,583; Los Gatos, $844; Morgan Hill, $184; Mountain View, $1,169; Palo Alto, $6,481; San Jose, $14,960; Santa Clara, $2,445; and Sunnyvale, $2,056.

Each cent of property tax rate which is not levied by any local government means a tax savings for the property owners.

Property tax bills usually include levies for school districts and special districts, and sometimes cities, as well as the county, the association said.

BOND RALLY TONIGHT AT UNION SCHOOL

Members of the Union Elementary School directorate are to be present this evening when a meeting is held at the Parker School to explain details of the $300,000 bond election which is to be held next Tuesday.

Referred to as a local school bond qualifying election it makes the district eligible to receive at least one million dollars in state aid over the next four or five years, or as the assessed valuation increases. It would then protect children against double or triple sessions.

It is contended by the board, that even though San Jose has annexed a portion of the school district, there is to be no increase in taxes. Part of the district is also in unincorporated area.

Supt. Kenneth McDonnell reports that among those invited are San Jose City Manager A. P. Hamann and County Planning Director Karl Belser.

Some 686 new homes are already planned for the area, according to McDonnell, who said that bonding the district to its legal limit makes it eligible for state aid.

In addition, he said some $65,-000 will be available to the district in the fall, which will be sufficient for purchase of two building sites.

This money, McDonnell said, comes from increased assessed valuation and bond retirement money from previous issues.

Two New Hydrants Put Into Service

The Campbell Fire Department this week reported that two new hydrants have been put into service since the first of July.

The first is located 500 feet south of Hamilton Ave. on the San Jose-Los Gatos Road on the west side and the second 49 feet north of Ridgley Drive on the San Jose-Los Gatos Road, also on the west side.

NAL DEFECTIVE

EDITORIAL

SUMMER REBELLION AGAINST LABOR

The population of the country today is around 160 million, of which number sixty-two million are over 60 years old, leaving 98 million to do the work. There is a way of getting down to bare facts, right from government records, which show that there are 54 million people under 21, which leaves 44 million to carry on the work.

There are 21 million people employed by the government; so that leaves 23 million to do the work. There are ten million in the armed forces, leaving 13 million to do the work. Now deduct 12,800,000 who are in state and city offices, leaving 200,000 to do the work. There are 126,000 in hospitals, rest homes and asylums; so that leavves 74,000 to do the work—but of this number, 62,000 are bums or the sort who just won't work; so that leaves 12,000 to do the work. The latest check we have made indicates there are 11,998 people in jail; so that leaves just two people to do the work—you and me—and I'm getting tired of doing everything myself.

STRENGTH OF DEMOCRACY

William Jernick, who this week was elected the Grand Exalted Ruler of the Benevolent and Protective Order of Elks at a convention in Los Angeles, urged the free world to seek "Divine guidance" in its fight against Communism, contending that the best way to fight Communism is through prayer.

This is substantially the same presentation as was made when the new city council was organized in Campbell a few weeks ago. Each council meeting now opens with a prayer by one of the ordained ministers from churches in Campbell.

It is from this humble faith in a supreme being among all walks of life in America that the strength of Democracy is to be found, and it is a strength that is everlasting.

A KICK IN THE BREAD BASKET

A low body blow has been dealt the people of this area by the major baking companies in the form of a two-cent per loaf raise in the proce of bread. There may be factors governing this raise with which we are unfamiliar, but it seems on the surface to be very unfair. The blame, in this case, is evidently being put on the raise in pay granted the recently-striking members of the baker's union.

The raise, as we understand it, comes to about seven and one-half cents per hour, added to a previous wage of some $2.30 per hour. Simple mathematics tell us that 7½c is but 1-30th of $2.30 — and the raise affects only the bakers themselves, not the office personnel, truck drivers, etc., who did not benefit from the raise. So we'll grant the company a 1-60th part in the total effect of the raise to their personnel costs.

The raise did not affect the material costs one bit, yet in terms of percentage, the rise in price comes to approximately **SIX PERCENT!** It does not seem right to us—and it might be mentioned that we hold no brief for the union bakers, who, by their strike action, gave excuse to spiral the already top-heavy cost of living yet another step up—at the expense of the ones least able to pay—the low income families.

One more factor which puzzles us, and which we resent, is the apparent monopoly situation existing in the bakers' price structure, where a price raise by one company affects the prices of all the other companies selling bread—even those who were not affected by the strike.

CANADA'S BIRTHDAY

Most Americans do not realize that our friendly neighbor to the north—Canada—has its own "Fourth of July," which is celebrated July 1 each year. Canada's beginning was not as turbulent and dramatic as that of the United States, but it began its status of independence on July 1, 1867, with the confederation of the four original provinces. One remarkable fact that we so often overlook in these uneasy days is that the 4,000 miles of borderline between Canada and the United States has not a single fort or fortification of any kind. That is a practical demonstration of friendship such as the world has rarely, if ever, seen before.

DOGS BY THE BILLION!

This summer, as always, huge armies of Americans of all ages are flocking to baseball games, to the beaches and lakes for picnics and sport, to amusement parks and carnivals, and are enjoying all manner of other diversions. A very high proportion of them will have what might be termed an "expendable companion" in the form of the delicacy known as the hot dog.

During the 14-week period that began with Decoration Day and will end with Labor Day, says the American Meat Institute, the incredible total of 2,624,640,000 hot dogs, a string that would girdle the earth about eight times, will be consumed in this country! That works out to 21 of the dogs for every man, woman, and child between the ages of five and sixty.

The hot dog, obviously, is a true and lasting American institution. It's as indigenuous as apple pie. To millions of us, there would be a sad lack in the best of ball games without a "red hot" or two and something cold to wash it down with. The hot dog stands are as much a part of carnivals as the rides and the sideshows and the barkers. And the hot dog is a key element in the home barbecue trend, which has developed enormously in late years.

This season's consumption, incidentally, will be eight percent over last's. The good old hot dog gets more popular all the time.

LAW IN ACTION

TIPS FOR HOME BUYERS

Take several precautions when you buy a home:

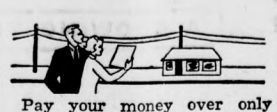

1. You may wish to pay up your contract before full payment is due. Provide for this before you sign the contract, or else you may find yourself paying interest for the full time.

2. Suppose you can pay half down, or even less. Then you may get a deed and give a note and mortgage for the rest, sometimes a better way to pay for your home. It gives you the right to redeem if you miss payments.

GET WRITTEN CONTRACT

Of course, examine the foundation, roof, and plumbing.

Get a title insurance policy or abstract. Does it show the place free of mortgages, judgments, and taxes? What about the "liens" of contractors? What about easements? Easements are the rights of others to travel, lay pipes, or string wires through the place.

Pay your money over only when you get a written agreement to get your money back if title is not clear. Compare the legal description of the land with a property man, and with the land itself in relation to adjoining properties and roads. Be sure the legal description includes all the land you think you are buying. Suppose a well, heating system, or other appliance is guaranteed as adequate. Get this guarantee in writing.

Any agreement, preliminary or not, should state all the terms of sale. Before you sign, make sure that you know what you are binding yourself to do and what you are going to get in return.

NOTE: The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

First National Bank Is Growing

The First National Bank of San Jose shows in their statement of Condition as of June 30, 1954 a growth of $4,812,000 as compared with June 30, 1953. The total resources of the bank were $59,336,000, which are the highest figures ever published, and show an increase of about 9% over last year. Deposits were up $4,618,000 as compared with the previous year and capital funds increased by $175,000; loans and discounts were up by $2,437,000, or an increase of 10% over June, 1953. The bank has experienced a growth of $21,825,000 during the past five years, which is an increase of 58%. Deposits also increased over $20,000,000 during this five year period and capital funds were increased by $948,000; loans and discounts have increased by $16,808,000 since 1949, or 171%.

In discussing this report with Joseph Rogers, President, it was pointed out that a substantial growth is being evidenced in all departments, particularly in installment loans where the bank specializes in new car financing.

On April 26th the bank opened its new Los Gatos office in temporary quarters at 330 North Santa Cruz Avenue. Plans are now complete and construction on the new bank building at 308 North Santa Cruz Avenue is expected to commence soon. The new building will be completed and ready for occupancy early in 1955. This is the fifth office of the First National Bank of San Jose serving residents of Santa Clara County.

County To Have Exhibit At Fair In Sacramento

With the 100th edition of the California State Fair more than two months away, the Counties Building is being speeded on ten county exhibits.

Counties with work underway include Placer, Lassen, Shasta, Yolo, Alameda, San Mateo, Santa Clara, Glenn, Napa and Solano.

The 1954 State Fair theme is "Pacific Panorama".

When the fair opens September 2, it is expected that 40 of California's counties will be on hand with exhibits, including Lake and Glenn which have not been exhibiting for some time.

The Devil's Garden in Modoc National Forest has been designated a natural area to preserve Sierra juniper.

The Campbell Gambol

LETTER TO THE EDITOR of this paper scolds me for treating lightly the dangers of boys using home made raft on a lake or canal, knowing full well its danger . . . . yep, its dangerous alright, and so it is to cross Winchester avenue as a pedestrian, or ride a biks along the side of a road, or being too near a moving tractor, or a lot of other things which we encounter every day, and we really don't want to have anyone believing the raft exploit is being encouraged in defiance of company orders.

WE TOLD About a boy on a raft last week, paddling along with his hands, belly to the floor and his dog at the front watching the course . . . the boy probably sees a few minnows or small trout, some pollywogs and frogs and wonders if when they get bigger they will go down the stream to the ocean and then might go over to China or Patagonia and just thinking that way he might visualise himself on a sloop riding the crest of the waves heading for some island of Eutopia with his dog from whence he can of course, return with a load of gold or diamonds . . . so they land the raft by a sand bar and start a little fire to bake a potato to charcoal blackness and it feels gooder than any thing not going home for his lunch but just stretching out in the sand with Spot, his dog, and as the day wears on and it gets time to go home he dresses and half falls in the creek then runs a little with his dog jumping about in pace, till they get home and his Ma says she's going to lick the tarnation out from him because he didn't come home or tell her where he's been and besides the bottoms of his drawers are all wet, and you just wait till your Pa gets home, so Spot comes in and looks her straight in the eye, wagging his tail just as fast as he can because he knows she doesn't mean a word she is saying and you look at Spot and you know that he knows she doesn't mean it, except at about that time Pa comes home and Ma tells him to do something and he seems gruff about it too and asks if there were any fish down there that might take a hook, and you tell him they're bigger than anything and Spot barks as if to get his two bits worth of approval in and then they tell you to go in and wash your face and ears and to get ready for your supper and when you do it you come in and see a bowl full of potatoes, some meat, vegetables, pie and a pitcher full of milk and you bow your head as Pa says grace, thanking the Lord for all the things he's got including his happy family and their health and wants us to be guided in His light in keeping free from danger, then says amen, and we gobble down our food, and say no more about the day on the raft, sailing over the sea of memories.

NEWLYWEDS TO RESIDE HERE AFTER CARMEL HONEYMOON

Large white baskets of chrysanthemums, and tiered candelabras flanked the fireplace at the home of Mrs. Michael Sanfilippo of Dutard avenue as the setting for wedding ceremony in which her daughter Lillian, became the bride of Carl C. Martin. Judge John Dempsey officiated. Lillian, given in marriage by her brother-in-law, Samuel Danielson, wore a nylon tulle chapel length gown, featuring a boat neckline and bouffant skirt, with inserts of rose-point lace. Her veil, also of rose-point, was secured by a coronet of pearl sprays, and she carried an orchid bouquet.

Mrs. Samuel Danielson served as matron of honor for her sister's wedding. She wore a strapless nylon gown of blue, with matching stole and picture hat. Her French bouquet was composed of pink carnations and roses.

Miss Cecille Amato, as bridesmaid, wore an identical dress as the matron of honor. She too, carried a bouquet of carnations and roses.

William Martin served his brother in performing the duties of the best man, while Charles Spadofore Jr., seated the guests.

Mrs. Sanfilippo attended her daughter's wedding in a gown of rose lace, offset by a corsage of white orchids. Mrs. Clyde Martin, mother of the benedict, wore a blue gown with white stole, and also pinned on an orchid corsage.

Immediately following the ceremony, the newlyweds greeted guests at a reception held in the Sanfilippo home.

For her wedding trip to Carmel and the Sierras, Lillian chose a blue faille ensemble with matching accessories.

Lillian, daughter of Mrs. Sanfilippo and the late Michael Sanfilippo, attended San Jose State College.

Carl, son of Mr. and Mrs. Clyde Martin, is a graduate of Columbia University, and is currently employed by the Food Machinery Company in San Jose.

The couple will be at home to friends at 735 Campbell Avenue upon their return.

Auxiliary Set July 14 Meet

Mrs. H. B. Strickland, president, and her corps of newly installed officers will preside during the next meeting of the American Legion Auxiliary, at 8 p. m. July 14, in the I. O. O. F. Hall of Campbell.

Miss Pat Means, delegate to the Girls' State Convention in Sacramento, will report on the recent meeting on Americanism. Miss Means is a member of the student Council of Campbell High School and was selected by the principal, and faculty, on the basis of leadership, scholarship, character, and interest in government, as a representative to the conference.

Business concerning the State Convention to be held in San Francisco July 25 through July 28, will also be discussed.

Delegates from the Campbell Unit are Mesdames H. B. Strickland, Rex Kaber, Johnnie McFall; and alternates, Mesdames Guy Smith, Glen Knowles, and Anna Hedegard.

Circle Theatre Plays Continue

Bay Area's only summer stock company, Actors Repertory Co., continues its hilarious production of Gerald Savory's farce, "George and Margaret", every Friday, Saturday and Sunday night in July at the Summer Circle theatre in the Hotel Lyndon, Los Gatos.

The show opened last week, under the direction of Paul L. Beaudry.

Tickets are available in the Lyndon lobby the nights of performances, or may be reserved at ELgato 4-2315.

Guest Speaker At Congregational Church Sunday

Christian Science

That true progress depends on effective prayer, on man's selfless desire to understand and apply the spiritual truths concerning God and man, will be brought out at Christian Science services Sunday.

Readings from the King James Version of the Bible and "Science and Health with Key to the Scriptures" by Mary Baker Eddy will comprise the Lesson-Sermon entitled "Sacrament." Scriptural selections include the account of Jesus' meeting with his disciples on the shores of Galilee after his resurrection, as told in John's Gospel.

From Science and Health will be read the following passage (1:6): "Prayer, watching, and working, combined with self-immolation, are God's gracious means for accomplishing whatever has been successfully done for the Christianization and health of mankind."

Ruffled Petunias

From rags to riches or vagabond to king might be the title given to the large Ruffled Petunias and to the luxurious Double Petunias that grace our gardens today. This highly popular garden subject has been hybridized into a prize-winning beauty of top ranking honors in the space of a few short years. The vigor and speed of growth of these garden beauties is a miracle to behold. Colors are warm, rich and exciting and yield for months on end through the summer and on into the fall.

Petunias are remarkably drouth resistant and require only occasional deep, thorough waterings and a minimum of fertilization. Plantings of Petunias should be in open sunny areas with plants set 9" to 1' apart. Loose, porous sail is preferred but any soil type can be modified so they will grow well in any neglected area.

Sun-lovers that they are, the companion material for a planting of Petunias is almost endless. Dahlias, Delphinium, Gaillardia, Stock, Snaps, Zinnias, Giant Marigolds, Asters and Salvia all grow taller and can be used as background plantings. Slightly shorter Ageratum, Nemesia, Schizanthus, Dwarf Stock, Dward Marigolds, Viola and Verbena make a fine foreground planting. For borders, there is a choice of Begonia, Lobelia, Alyssum or a row of Dwarf Gen Border Petunias. Almost any color scheme desired can be worked out. give immediate color.

LEGAL NOTICE

CAMPBELL UNION HIGH SCHOOL DISTRICT, SANTA CLARA COUNTY, CALIFORNIA

July 7, 1954

NOTICE TO CONTRACTORS

The Board of Trustees of the Campbell Union High School District of Santa Clara County, State of California, invites and will receive sealed proposals up until 10:00 A. M., July 23, 1954, at the office of the said Board of Trustees at the Campbell Union High School, Campbell Avenue and Santa Clara-Los Gatos Road, Campbell, California, at which time and place said bids will be opened and read in public for the "Grading of the Camden High School Site, Union Avenue and Camden Avenue, Santa Clara County, California", according to plans and specifications on file at the office of Mark Thomas & Co., Engineers for the School District, 177 West Santa Clara Street, San Jose, California.

Cashier's or certified check in the amount of 5% of the bid shall accompany the proposal, drawn to the order of the Campbell Union High School District, as a guarantee that the bidder, will, after being notified of the acceptance of his bid, enter into a contract with the Board of Trustees in accordance therewith. The successful bidder will be required to furnish a Faithful Performance Bond in an amount equal to one hundred per cent (100%) of the contract price, and a Material and Labor Bond in an amount equal to fifty per cent (50%) of the contract price.

The Board of Trustees has ascertained the prevailing rates of wages for each craft or type of workman, and these prevailing rates of wages are on file in the office of said Board of Trustees.

All bids are to be made out on forms furnished by the Engineer for the School District.

A deposit of $5.00 will be required from all contractors receiving plans and specifications; said deposit will be refunded upon return of the plans and specifications to the Engineers for the District in good condition and within fifteen (15) days after the bid opening.

The District Board reserves the right to reject any or all bids and to determine which proposal is, in its opinion, the lowest responsible bid of a responsible bidder, and that which it deems in the best interest of the District to accept. The District Board also reserves the right to waive any informalities not material to cost or performance in any proposal or bid.

Leaders In Heart Association Named

Santa Clara County Heart Association, having elected Dr. Alvin B. Williams of San Jose as president, yesterday had launched a new program of activities following the group's annual meeting.

Heart research on a small scale will be started within this county, in addition to the state and national projects which this year will represent an outlay of $2,500,000, Dr. S. Fred Kaufman, program chairman, told the 100 members present at the meeting.

A symposium on diseases of the chest, to be held in cooperation with the Santa Clara County Tuberculosis Association, is planned for the Autumn, Dr. Kaufman said. Medical Societies of this and neighboring counties, the Cancer Society and the General Medical Practiontioners organization also will be invited to participate, he said.

Dr. Arthur R. Twiss of Oakland, president of the California Heart Association, said that hardening of the arteries and high blood pressure are the two main problems in curbing heart and blood vessel diseases.

Other county officers elected were Dr. Albert R. Currlin of Milpitas, president-elect; Dr. J. Frederic Snyder of Campbell, vice-president; and Dr. L. P. Kirlin of Santa Clara, treasurer. Re-elected to a 39-members board of directors were Dr. Thomas L. Blanchard of San Jose, retiring president; Dr. Anna F. Barnett and Dr. Anthony S. Felsovanyi, both of Palo Alto; Dr. Thomas P. McNiff of Campbell, and Dr. Leon P. Fox, Earl A. Moorhead, all of San Jose. New members named to the board were Dr. Elwyn Turner, Dr. Lee Anderson, H. C. McCormick, 1954 Heart Fund drive chairman, and Dr. Thomas P. Lyon, all of San Jose, and Mrs. J. A. Friebel of Morgan Hill. The nominating committee included Dr. William J. Fleming of Palo Alto, Mrs. Dan W. Clark of Campbell and Mrs. J. Roger Campbell of Gilroy. Mrs. Gordon Brown of Los Gatos is chairman of the public relations and education committee and Fred J. Roof Keys Color Plan

Green door and shutters accent brown siding and asphalt roof.

Color consultants agree that there are four primary color areas to consider in styling the exteriors of homes. These are the roof, the sidewalls, the trim, and the accent color.

The accent color, which may appear on a front door, on shutters, window boxes, or a picture window, serves the same purpose on a house as a gaily colored scarf in a woman's ensemble. It provides a bright, focal point of interest. In the same way, a brightly colored ponderosa pine panel door and matching picture window add a warm, welcoming note. Color consultants generally prefer painted windows for the warmth color provides.

In this house, brown-blend asphalt shingles used on the roof serve as the color key. Sidewalls are brown. Trim and windows are painted off-white. The door and shutters are painted in a lime-green accent.

PONDEROSA GLUES EASILY

In glueability, ponderosa pine is rated in Class I by the U. S. Forest Products Laboratory. The wood is widely used for kitchen cabinets.

Guess Who?

For some months now—at least six that we know of—this picture of five local young people has been coming to our attention from time to time.

Some one, at some time, went to the trouble of taking the picture, and we went to the expense of making an engraving. It just seems a shame to let such a nice photo go to waste. So, for what it's worth, here it is—and we're curious to know who these young people are, and what they are supposed to be portraying.

Anyway, we hope that the folks in the picture enjoy seeing their photos in print.

Fourth Of July Family Reunion

Mr. and Mrs. Herb Power of 410 Hawthorne Avenue gathered together members of their family for a reunion over the Fourth of July Weekend.

Out-of-town guests included Mr. and Mrs. J. Howe of Coquille, Oregon; Mr. and Mrs. E. Power and family of Yuma, Arizona; Jerry Power of Guam and his fiance, Joan from Arizona.

Marilyn Power is staying over with the Herb Powers for the summer.

Eleven Campbell Youths At Cadet Training Center

FORT ORD, CALIF., July 3—Eleven Campbell youths were among the 1018 members of the California Cadet Corps who ended a two weeks training exercises at Fort Ord. Along with cadets from high schools and junior colleges representing all parts of California they received expert instruction in basic military subjects including leadership, map field problems, supply, armed forces administration, infantry weapons, physical conditioning, hunter safety, armed forces orientation and many more.

All representing Campbell were: Raymond Shanrock, son of Mr. and Mrs. Olin Shanrock, 767 Normandy Dr., Gerald Wiech, son of Mr. and Mrs. E. G. Wiech, 76 Brooklyn Ave.; Robert Mattos, son of Mrs. E. F. Mattos, 350 Fenley Ave.; Robert McGuire, son of Mrs. E. McGuire, 14275 Mulburg Drive; Harold Windell, son of Mrs. Harry Windell, 184 N. Milton; Joe Gaynor, son of Mrs. R. Gaynor, 33 Wabash Ave.; Jerry Cupp, son of Mildred E. Cupp, 925 Juanita Ave.; Arthur Huff, son of Mr. and Mrs. Wayne F. Huff, 773 Normandy Drive; Richard Crawford, son of D. E. Nobb, 28 N. 3rd Street; William Lea, son of Bouvett Lea, 79 E. Rincon, and Timothy Sullivan, son of Art Sullivan, 559 Kenneth Ave.

LOCAL COUPLE FETED ON SILVER ANNIVERSARY

Mr. and Mrs. Wilfred Peterson of 65 North Milton avenue, celebrated their silver anniversary Saturday, July 3, with daughters Betty Lou, Joyce, Susan and Mrs. Richard Bartholomew hostessing the afternoon and evening affair.

A centerpiece of gladoli, stock and roses, flanked by silver candelabras, graced the tea table from which Mrs. Malcolm Crosby of Oakland, and Mrs. Clifford Gerlach poured. A tiered cake, topped by a silved '25' and baby roses was served to the guests.

Approximately 125 friends passed through the arbor to the lantern lighted patio to sign the guest book passed by Susan.

No-Hitter Fails To Win Game In Pony League Here

In a pitcher's battle between Almquist and Alvarado the Campbell Rotary and the Bishop Hawaiians played a tie ball game in the Pony league on the high school field June 30. Each team made two runs, three hits and one error. The tie knocked the Hawaiians out of a first place tie with Campbell Lumber.

The Cambrian Kiwanians twisted the tail of the Campbell Lions Club to score a 12 to 1 win in the Pony League June 30th. Pitcher Tom DiPollina allowed one hit while his team mates smack out eight off Larry Tyrell with Carlos Ochro behind the plate. Catching for Cambrian was Dave Mandril.

A one hitter by Julie D'ann of Avilas Market and a no hitter by Max Kinsey of the Campbell American Legion team sparked the Pony league games Thursday night. The marketmen trounced the Campbell Kiwanians 13 to 0 while the Legion nearly pulled the props from under the Campbell Lumber Co. nine, the latter winning the tilt 3 to 2. Batteries for the Legion was Kinsey and Stan Woods while for the Lumbermen it was Pete Castelanos and Larry Hull.

Shrine Circus To Open Tonight With Many Features

Opal, whose specialties are walking on her front legs and balancing on one front foot, is star of Besalou Baby Elephants, to be seen with the eleventh annual Santa Clara Valley Shrine Club-Polack Bros. Circus, which will attract many residents of this community to the Civic Auditorium, in San Jose, the week starting Thursday, July 8, and ending Wednesday, July 15. Performances will be given at 2:15 and 8:15 all days except Sunday, when the evening show will start at 6:00 p. m.

This year's circus boasts an exciting new international assemblage of aerial, acrobatic and animal talent, plus celebrated clowns and the dancing Spanglettes. Prominent among the new features are Prof. George J. Keller's Jungle Killers and the high-wire hazards of Harold Alzana & Company. Other animal acts include movie chimpanzees, trained pigs, ponies, dogs and horses.

Scout Troop 28 At Camp Sierra

Camp Hi Sierra, the summer camp of the Santa Clara County Council, Boy Scouts of America, opened Sunday afternoon, with a record enrollment of 110 Boys and 11 Adult Volunteer Leaders, according to Fred Hilton, Chairman of the Council Camping and Activities Committee. Camp will operate for seven, one-week periods with 724 boys already signed up.

Camp is located above Long Barn on the Sonora Pass Highway in the Sierra Nevada Mountains. A 100 acre site owned by the Boy Scout Memorial Foundation on the north fork of the Tuolumne river offers the Boy Scouts of the area a real camping experience.

Camp will be under the direction of Field Executive Allen Gerblick as Camp Director.

Mark Judy, another member of the professional staff, will serve as Program Director; Lewis Land will be Commissary Offcier, Frank Crane, waterfront Director and John Bushnell, Camp Cook. Miss Emily Ryan will act as camp nurse during the first period.

A staff of Explorer Scouts to assist in carrying out the weekly program include Larry Helfter, Jerry Henley, Gary Almada, Douglas Alexander, Richard Brown, Roger Rearick, Dick Moore and John Herrgott.

During the first period Troop 28, Campbell, R. S. Guio, leader, is represented in camp.

Home Loan Plan For Cal Vets Is Aid To Thousands

Half a billion dollars' worth of homes and farms have been purchased for California's war veterans since the State's "Cal-Vet" financing plan has been in operation.

This announcement was made today by Lewis K. Gough, chairman of the California Veterans Board, who said that the 500,000,000th dollar was invested in a Cal-Vet property last week by the State Department of Veterans Affairs.

"More than 75,000 dwellings and farms have been financed for California veterans during the 32 year span of the low-interest program," he said. "One third of these properties have been paid off in full. About 50,000 World War II veterans have taken advantage of Cal-Vet terms, in addition to 20,000 veterans of the irst World War and 1,800 post-Korea veterans.

Gough stated that beginning in 1921, California voters have approved eight successive bond issues, totalling 460 million dollars, to keep the program going. The Department has been able to invest 40 million dollars more than all the bond issues added together primarily because thousands of veterans have paid off their contracts before maturity, thus making money available for re-investment.

Under the purchase plan the State advances to eligible California veterans up to $8,500 for a home or $15,000 for a farm, provided the appraised value of the property selected does not exceed $12,500 or $18,500 respectively.

Legislation to authorize a ninth bond issue, for $175,000,000 was adopted by th e1954 Legislature and signed by Governor Knight earlier this year. This measure will be submitted to the people of the State for ratification in November.

Eligible veterans are those who were born in California or were residents of the state when they entered wartime military service.

California produced 15,792,000 trays of strawberries in 1953.

Squids are swift and active swimmers and often travel in schools.

Los Angeles was founded by Governor Felipe de Neve Sept. 4, 1781.

Youth Center Back Sports Car Race

The Santa Clara County Youth Center will sponsor a day of sports car road racing at the Santa Clara County Fairgrounds July 18.

The 11 scheduled events to be run on the 1.3-mile course, under the supervision of the Sports Car Club of America, San Francisco Region, will include races for strictly "production" M. G.'s and Jaguars and a women's race, in addition to the two usual "main events" for senior drivers with hopped up cars.

William B. David, regional executive for the Sports Car Club, pointed out that the rather short course, which has 11 curves, several of them of the hairpin variety, will bring out the skill of the driver and the maneuverability of his car.

He said that there has been a great demand for races for strictly "production" M. G.'s and for a women's event, both from the public and from sports car drivers. For this reason, the San Jose races have been scheduled so as to give the drivers of all classes of sports cars a chance to compete.

The races are being run for the benefit of the Santa Clara County Youth Center and admission to the Fairgrounds will be by showing a receipt for a $1.00 contribution to the Youth Center's building fund.

Scouts Study Bird Life On Outing

Boy Scouts of Troop 36 went on a Nature Hike at Stevens Creek Dam early last Wednesday morning (June 30) under the leadership and guidance of Miss Emily Smith, well known naturalist, and Frank Cantu, member of the Audobon Society.

The trip was very successful as the boys identified over twenty different birds, heard many interesting bird calls and learned much about the study of birds. The boys who took the trip were Ronny Hawley, Kenny Helig, Leon Becker, Andy Ballentyne, George Ballantyne, Rusty Bohner, David Muzzey, Bill Mullen, Mike Jamison, and Scoutmaster George H. Ballantyne.

If you believe in trends you might be able to figure out the fate of the New York Yankees by the outcome of the All-Star game. Every time Casey Stengel has directed the American League team in the July classic, it has lost. And Stengel's Yankees have gone on to the world championship. If Old Case's American League squad should win the All-Star game, then what?

Next time you are tempted to envy the owner of the horse in the winner's circle at a race track, consider the case of the English-bred Stackallen Bridge.

This thoroughbred was bought by the late James A. Lyons, lumberman from Coos Bay, Oregon, for $45,000 and flown to the U. S. at a cost of $5,000. Two years later, under another owner, Stackallen Bridge finally won his first race in America — a sprint against $1,000 platers at the Alameda County Fair at Pleasanton, California.

The Little Leagues have finally arrived. Joey Jay, 18-year-old bonus pitcher from the Milwaukee Braves, is the first graduate of the Little Leagues to reach the big time. He played for a Connecticut Little League team when he was a lad of 12.

England's Roger Bannister held the world's record in the mile for possibly the shortest time in history, but his fame will not be dimmed thereby. No matter how many runners break his 3:59.4 time or by how much, Bannister will still be remembered as the first to run a four-minute mile.

The best Navy commissioning of the year as far as Al Ulbrickson of Washington and Ky Ebright of California are concerned, involves handing commissions to six of the great Navy crewmen who rowed Annapolis to 29 straight wins. Now maybe someone else will have a chance, but the Huskies and Bears will get plenty of stiff competition from Cornell.

Bill Sarni, who went from high school to the Los Angeles Angels of the PCL at the age of 15 in 1943, seems to have finally earned a major league berth. Handicapped through 10 years of minor league experience by a weak bat, Sarni has started hitting and is currently sharing the catching job on the St. Louis Cardinals with veteran Del Rice.

Hatching Eggs To Restore Korea's Poultry

Above—A quick overnight run by Ford truck equipped with 14 foot Fruehauf body brings eggs from farm in Indiana to plane at Chicago airport. Left—Hobart Creighton, prominent Indiana agriculturist, watches truck loading at farm. Right—Transferring load to plane—left to right: Col. Limb, Korean Ambassador at Large; Hobart Creighton; William Reichie, U.N.R.A.; George Simonds; Mario Rollo, Pilot, N.W. Airlines.

Just about wiped out by the embattled armies which swept through southern Korea, was the agriculture of that unfortunate country. Farm stock went to feed invaders and defenders, alike.

Whenever a disaster of this kind occurs there always seems to be a group in America which rises to the occasion. This time, it was the Church of the Brethren, which started a movement joined by several other religious organizations and the Heifer farm organization to restore Korea's farm production.

Shown here is a shipment of hatching eggs which, in order to preserve their fertility, had to be shipped quickly. This quick transportation allowed the eggs to reach Pusan, Korea in ideal condition.

National C of C Head On San Jose Program Friday

Clement D. Johnston of Roanoke, Virginia, President of the Chamber of Commerce of the United States, will speak on "The Washington Scene" at the weekly luncheon of the San Jose Chamber of Commerce on Friday, July 9, at 12:15 at the Montgomery Hotel in San Jose.

The public is also invited to attend and hear Johnston who describes himself as "a typical business man and in no sense of the word a big business man."

Few men in America can match his record of service in government, civic and volunteer business organizations. He has been active in the National Chamber for 22 years.

Federal departments and agencies have repeatedly recruited him as a non-paid consultant—the RFA, Navy, OPA and Office of Emergency Management. Last year he was assigned to the Pentagon as an investigator for the House Appropriations Committee and not long ago he completed his report as Chairman of the Highways Task Force of the Federal Commission on Intergovernmental Relations previously headed by Dr. Clarence Manion.

The San Jose Chamber of Commerce will be joined by chamber of commerce leaders from other Santa Clara County communities, the County Board of Supervisors, San Jose City Council, San Jose Life Underwriters Association, San Jose Real Estate Board and other officials from the Chamber of Commerce of the United States.

Funeral Today For Longtime Resident

Funeral services will be held today at 10:00 a. m. for Mrs. Ada Gould of 200 S. Winchester Road, Campbell.

Mrs. Gould made her home in Campbell for most of her life and is survived by her sisters; Mrs. Hope Cavins of Campbell, Mrs. Belle Cook of San Jose, and Mrs. Hazel Borland of Santa Clara.

The Rev. Arthur C. Wegner will officiate at the funeral services which are being handled by the John E. Dowdle Mortuary of San Jose.

Interment will be in Oak Hill Memorial Park.

Technical Forum At Food Machinery

A technical forum on "Fusion Welding Technique" will be conducted Monday, July 12, at 8:00 p. m. at the Bean Western Division of Food Machinery and Chemical Corporation.

A. G. Diamond has been conducting these monthly forums for Food Machinery for the past two years endeavoring to interest national authorities on new methods used in the Santa Clara Valley.

At the Monday lecture C. B. Robinson of San Francisco will discuss new methods and all Food Machinery personnel in the area are invited to attend.

Despondent Man Takes Own Life

Funeral services were held at two o'clock Saturday afternoon at San Jose for Fredrik W. Larson, 70, of 239 W. Campbell avenue, a retired machinist who on Friday took his own life by hanging. He had been suffering from an incurable disease.

A daughter, Mrs. Gladys Thompson, visiting here from New Mexico, discovered the body in the family garage.

A resident of this area for forty years, Mr. Larson is survived by his widow, Emma, and a son, Thomas B. Hiatt, both of Campbell. Two other sons are Oliver C. Hiatt of Cupertino and John Hiatt of San Jose.
